"If they prove to be of the right quality a factory will assuredly be built in Sanpete county, because the people stand ready to furnish the capital. There is another side to this subject that must be considered, however; that is the market, which is necessarily limited because of the high freight rates."

After the improvements of next year are made including the branch factory near West Jordan, the Lehi factory, Mr. Cutter says, will have a capacity of from 1,800 to 1,200 tons of beets per day.

It is too early yet to form a definite idea of the output of sugar for the year.

Deputy Attorney General Lee has answered several questions for County Attorney L. L. Baker of Toocle, which may prove of general interest. He decided that the support of indigent persons is properly a county charge, where indigents live within incorporated cities. But the expense of burial of these persons he considers should be burns by cities.

In answer to other questions, he says that any person having an interest in property is entitled to redeem it when taxes are delinquent. In this connection he also answers that the county treasurer is not directed by law to find out whether or not a person offering to redeem property is entitled to do 70. In answer to a question from C. E. Condie, county attorney of Morgan county, he said that owners of land lying in the mountains are not required to erect monuments defining the boundaries as a preliminary to bringing action for trespars.

Attorney J. M. Hamilton filed a divorce suit, Josephine Allcock vz. Allcock, in the district court yesterday on the grounds of crueity, assault and threatening conduct.

Mrs. Allcock alleges that she lived in peace and harmony with her husband until a year axo, when the defendant became despendent, owing to financial difficulties connected with the grocery business he was operating at Murray, Subsequently he left plaintiff and contracted intemperate habits. Leaving Murray, Allcock is said to have come to this city, to later leave the state for Durango, Colo, where he is supposed to be at the present time.

Since being thrown upon her own resources Mrs. Allcock is said to have paid off debts to the amount of \$1.000 that were hampering the Murray grocery store.

Located In Parley's.

The new factory will be located in Parley's canyon, where the men interested have purchased 600 acres of land between two and one-half and three and a half miles beyond the city reservoir. Mr. Giauque asserts that this land has sufficient shale with the right proportions of silica and lime to supply coment for this country for hundreds of years.

It is intended to expend between 465,000 and \$70,000 on buildings and machinery at the start. This will build a plant with a capacity of 400 harreis per day, but the start will be made at 200 harreis per day, and the capacity increased as the demand justifies. Employment to about 106 men will be given.

(Special Correspondence.)

Logan, Dec. 1.—The reunion of the volunteers of this county, which occurred last evening, was a success. The attendance was very good, though not so large as it would have been if there had not been attractions in several other parts of town. The ball commenced with a grand march, led by Private Dodds of Tooele county, who is attending school here. After dancing for two hours, the baliquet was served at the Kiesel hotel. It was an epiciture of the toost, "The Bodds responded to the toost, "The Girl at Home." In a master. Private Dodds responded to the toost, "The Girl at Home." In a most witty but very appropriate manner. Private Padda responded to the toost, "The Home Coming was responded to by Sergeant F. C. Goodwin. These were the only toasts, and at the conclusion dancing was required and continued until a late hour.

The volunteers felt a little bit hurt over the action of the B. Y. college boys in arranging a counter attraction that drew people away from the reunion, and therefore are contemplating the holding of another reunion of Christensen and Crookston of Thocele Stewart, of Plain City, Brown and Grundy, of Wayne county, Emission to hear complaints against the sewer assessment. None have yet been made.
